## Appoints Committee To Study Salaries

The committee of three which the special town meeting authorized to study the salary question for all town employees has been named by the moderator, Arthur Sweeney.

Emile J. C. Shulze, retired mill official, of 76 Poor st., Charles W. Arnold, 88 Central st., president of the Merrimack National bank of Haverhill, and William S. Titcomb of Chandler rd., manager of the Shoe Lace Co., of Lawrence, make up the board. Mr. Shulze is chairman.

Town employees had an article in the warrant for the special town meeting asking for a \$10 increase for all full time employees. The meeting voted to put it over until next March with the provision that a committee be appointed by the moderator to act with the heads of town departments to make a survey of the wages and report their findings and recommendations at that time.

The study is expected to show that instead of a flat cost-of-living increase as suggested there are some in the lower wage groups who should receive larger increases than others.

The newly-formed Dramatic club at the Youth Center is preparing plans for an active season. Standing from left to right, Cliff Emmons, Harry I. Emmons, Bernard Rogers, Alston O'Hara, Colin Kerr, director, Richard Comins, Francis J. Rodericks, Marilyn Earley, Mary Jane Hodges, secretary, Marilyn Decker, Donald D. Dunn, Youth

## Legion Considers New Post Home

The possibility of Andover post, B, American Legion taking steps toward the purchase of a lot of land for a permanent post home will be discussed at tonight's meeting at the post headquarters.

For sometime past this question has been raised among members but only recently has it become a matter of discussion at a regular meeting.

Up to the present no particular location has been advocated. Mem-

## School Committee Considers Readadjustment Of Salaries

bers are urged to be present at this meeting tonight to discuss the plan and to offer suggestions.

The post is also preparing for its annual Christmas party which will be held the night of Friday, Dec. 15. Robert Volker and his committee have arranged an interesting program for the evening and the usual large attendance is expected.

A plan for the revision and readjustment of school salaries is being considered by the school committee but it will have to be further discussed before any change is put into effect.

The plan was proposed by a committee of teachers at one of the recent executive sessions of the board. It followed the action at the recent special town meeting when an article calling for a flat increase of \$10 for all full time employees was deferred until next March and the entire question submitted to a committee for consideration.

The school committee went over the whole salary proposal again at its meeting Tuesday night and discussed revision of the present salary schedule to provide for some readjustments deemed necessary.

It is expected that the members of the board will sit down with the salary survey committee and go over the proposed changes before any action is taken.

The discussion followed the presentation by Headmaster Harold Howe 2nd, of his reasons for asking three new high school teachers, one for the junior high, one for physical education and a third as librarian. These were before the board some weeks ago and are yet in the discussion stage.

The committee will have to decide upon its salary adjustments soon in order to have the amounts for inclusion in its 1951 budget.

## Auxiliary Police Force Growing

More than 30 applications have been received to date for the auxiliary police force in the civil defense corps and arrangements are being made to have the group sworn in shortly.

Police Chief George A. Dane has appointed Sgt. W. Raymond Hickey to take charge of this force. Immediately after the first of the year a course of training will be started which will include such subjects as, the proper use of fire-arms, laws of arrest, station assignments, use of two-way radio, first aid, and other subjects appropriate to police work.

There are still a number of vacancies in the auxiliary police department and any men who would like to join should do so before the training classes begin in January so they will not miss any of the essential instructions. Ap-

## New Bus Route For Schools

The school committee Tuesday night added a new bus route for its growing school population when it awarded a three-year contract to Joseph G. Wright which will place a fourth regular bus in service for school children.

All of the present routes will be shortened and revised by the time the new bus goes into operation Jan. 2, 1951. This will eliminate overcrowding and much of the waiting that has to be done along the present routes.

Action came after the committee received the following bids on a per annum basis plus a charge per mile for all over 75 miles daily: Paul W. Collins, \$5000 plus 30¢ a mile; George H. Dumont, \$3950 plus 25¢ a mile; Renwyck W. Henderson, \$3950 plus 15¢ a mile; Joseph W. Connor, \$4725 plus 30¢ a mile; James W. Lowe, \$3958 plus 20¢ a mile; Joseph G. Wright, \$3950 plus 25¢ a mile.

The successful bidder has substituted for the other bus drivers on many occasions.

This is the first addition made to the school bus routes in many years. The three other drivers have had many years of service. Alvah Wright has been driving for 42 years. Rudolph Johnson 21, and Chester D. Abbot 13.

## AT THE LIBRARY

The Memorial Hall library has been making it possible for readers to find good, live books about almost any place under the sun. Here is a small sampling of the material about "here, there and everywhere." Why not plan to go someplace, even if it's only in print?

### Your Trip Abroad

Joseph  
How to travel alone, to estimate rates, unwind red tape, find entertainment, locate organizations that will give help needed. Fun for actual and wishful travelers.

### Switzerland

Ogrizek  
There are over 200 beautifully colored illustrations and maps in

**WALLPAPER

this new book in the world-in-color series; history, technical progress, and geography included.

### All The Best In Hawaii

Clark  
Plain helps for traveling to and within the Hawaiian Islands; includes simple things usually left out, but invaluable. Short history from the time of their discovery by Captain Cook, and a guidebook with a definitely friendly, human flair.

### Edge Of The Jungle

Beebe  
Revised edition of Dr. Beebe's first book on his expedition to jungles of British Guiana thirty years ago. A beautifully written account of marvelous things.

### Where To Ski

Landman  
Ski guide to the U. S. and Canada—all important information for a weekend or for a winter vacation. Thumbnail sketches of each region, ski terms, eleven maps.

### Decision In Germany

Clay  
Many feel that the peace of Europe depends largely on the treatment of 65,000,000 German people; for them, General Clay tells what has happened there since 1945. This has been called the most important book on U. S. foreign policy, and forecasts the probable future.

### Korea Today

McCune  
An analysis of American and Russian occupation, the efforts of the U. N. to unify the country, economic policies of two parts, appraisal of the U. S. aid to South Korea. Author was born there, and wrote from intimate knowledge.

### Sweden: Model For A World

Strode  
Popular interpretation of country whose way of life is a model of social progress and orderly government; all phases of growth, historical, cultural, economic, are outlined. Artists, labor leaders, statesmen, authors, etc. have been interviewed.

### Last Chance In Africa

Farson  
Negley Farson traveled through Kenya colony's vast deserts, high plateaus and steaming coastal jungles, all in area the size of Texas; he talked with tribal chiefs, farmers, educators and merchants. And he took the governor of Kenya at his word when he said, "Say what you like. I imagine you will want to be rude about many things."

### Pearl Diver's Luck

Benham  
Author found plenty of adventure in diving with pearling fleets in the waters of Torres straits, great Barrier reef and the Solomons. Encounters with sharks, sting rays, baby whales, snakes, giant clams, hostile divers all told! This is thrilling!

### Cousins And Commisars

Logan  
An interesting visit to Tito's Yugoslavia.

### North African Notebook

Maugham  
Informal account of six months' journey through Arabian lands of North Africa, French and Spanish Morocco, Algeria, Tunisia, Libya. Robin Maugham had studied Arabian affairs for six years and traveled in the Levant before making this study of the Arab people.

## Handel's "Messiah" At Cochran Chapel

The Andover Male choir and the Andover Choral society will join Sunday evening Dec. 17, at the Cochran chapel, Phillips academy, to present Handel's "Messiah."

Donald Sullivan, tenor soloist, is a singer of wide experience. He is an instructor at the Boston Conservatory of Music, lecturer and director of the glee club at Sargent school, and tenor soloist at the Union church, Waban, and Temple Israel, Boston. He has sung with the Boston Symphony orchestra and has made concert appearances in Jordan hall.

Supporting Mr. Sullivan in the solo roles are Doris Karamourtopoulis, soprano, a native Lawrencean and Eunice Alberts, alto, of Andover. Miss Alberts was featured at Tanglewood this past summer with Serge Koussevitzky in Bach's B Minor mass.

The oratorio will be given under the direction of J. Everett Collins with Raymond Wilkinson organist and Ellen Stahle pianist.

## Fireman Bags Deer In Parker Forest

The deer hunting season just  
got started Monday morning when  
Fireman James E. Deyemond  
brought down a buck deer in the  
Harold Parker forest.

Leaving his house on N. Main  
st., shortly after 6 a. m., Mr. Deyemond  
got to the reservation at  
6.30 o'clock and at 6.40 was ready  
to start home with his prize.

He had been there but a short  
time when he heard shots in  
another section of the forest and  
half a minute later three deer were  
bounding past him, one of which  
he brought down. It was later  
found to weigh 125 pounds dressed  
out.

The deer hunting season opened  
Monday for six days with a limit  
of a daily bag of one. Close to  
200 hunting licenses have been  
obtained from the office of Town  
Clerk George H. Winslow this  
year plus another 200 sporting  
licenses and about 400 fishing  
licenses. The deer hunting season  
closes Saturday.

## Information For Veterans

Q—My husband received a certificate of commitment on a GI home loan, and he died a few days later before he had a chance to sign a mortgage or any other papers. May I, as his widow, go ahead and buy the house on a GI-guaranteed loan basis?

A—Under your circumstances, VA does not have the authority to issue a certificate of guaranty, even though your husband already has a certificate of commitment. However, you may be entitled to a GI loan on your own rights as a deceased veteran's unremarried widow—if he died because of injury or disease incurred in or aggravated by line-of-duty service and was discharged under condi-

tions other than dishonorable.

Q—My nephew is a paralyzed veteran who lost control of his hands and therefore is unable to sign his name. How may he apply for a grant for "wheelchair housing", when he cannot sign the necessary papers?

A—Forms and application papers will be acceptable if he merely makes a mark or symbol, which should be attested to be a witness.

Q—I am going to school under the GI bill and I have just received notice that I am to return to active military duty. Need I inform VA to stop my subsistence payments?

A—Yes. Write the VA regional office which has your records, and include your full name and address, "C" number, the amount of the VA payment and the date you are to go back into service. You are not entitled to any VA benefit payments covering any period after you have returned to military service.

## Philos To Mark 125th Year

The Philomathean society of Phillips academy will celebrate its 125th anniversary Saturday, Dec. 9, with a fitting program to mark the event.

The oldest secondary school organization in the country, the society was founded in 1825 and its presidents have included the late Henry L. Stimson, the late Alfred E. Stearns and Gen. J. Reed Kilpatrick. Since its founding the society has added much to the intellectual life of the school and has maintained interest in questions of timely importance through frequent debates and discussions.

Saturday morning, before an assembly of the entire school, the society will present John Simpson Hooper '24, editor of the Brattleboro (Vt.) Reformer and the Vermont Phoenix. His talk will be broadcast. In the afternoon a debate will be presented between ex-Philo members on the faculty and the varsity debating team.

In the evening the celebration will conclude with the anniversary banquet.

## YOUR NEW SOCIAL SECURITY

By H. L. LEIGHTON  
Manager Lawrence Office

"I was first covered by the social security law in 1950. How long will it be before I will be insured?"

That's a question our, and other social security offices are being asked every day since the amended Social Security Act became a law.

In most cases, the answer is a year and a half for survivors' insurance, longer to qualify for old-age insurance payments if you're not already aged 65 or over.

The amended law makes provision for a new benefit formula for workers retiring in the future. This formula is applicable to those

who have at least six calendar quarters of coverage after 1950. Under the old law one-half of the elapsed quarters since 1950. Let us assume that he did not earn six quarters of coverage in that period but had earned sufficient quarters of coverage before 1950 to make a total of six. He would still be fully insured at age 65.

A "quarter of coverage" is a calendar quarter. For social security purposes the year is divided into four quarters, January through March, April through June, July through September, and October through December are calendar quarters.

As in the old law, no more than forty quarters of coverage can be required for a fully insured status and the required amount of earned wages in a calendar quarter remains at the \$50 minimum. The maximum annual wages to be counted toward social security, however, has been raised from \$3,000 to \$3,600.

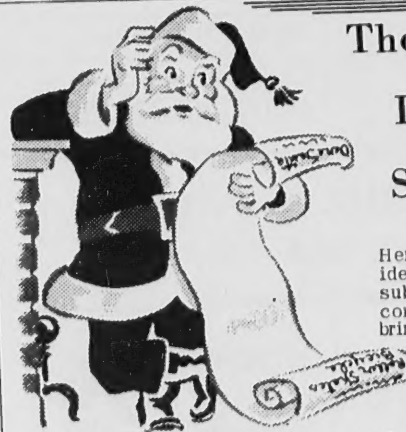

It is the six quarters of coverage provision of the new law that will give immediate or early old-age and survivors insurance protection to numbers of workers not qualified for social security before. Many people now 65 or over will be enabled to draw retirement benefit payments right away. Some people who filed a social security claim under the old law but did not have enough social security credit to qualify them, may now be eligible for payments. We are making efforts to get in touch with all such persons in this area. Workers in groups coming under social security for the first time in January will be enabled to qualify much more quickly. In the area served by our field office, we expect to pay insurance benefits to 2500 more people in 1951.

Later, I shall discuss the several groups of workers making up the 9,700,000 to whom federal social security will be extended beginning on the first of January.

Most of the shadows that cross our path on the journey through life are caused by our standing in our own light.

## Felled Elms Threat For Tree Disease

Hundreds of elms felled by the recent wind storm are a serious threat for the spread of dutch elm disease. If much of this material is left to rot on the ground, it will make a suitable breeding place for bark beetles and also serve as obscure fungus storehouses to be inoculated by these beetles when their activity starts next April, according to Malcolm A. McKenzie, director of shade tree laboratories, University of Massachusetts.

Because of urgent pressure of work to clear highways, parks, cemeteries, and estates of fallen limbs and broken hangers promptly, elm wood may be dumped and forgotten in spots hidden from public view, says McKenzie. If left there, it will become a sinister menace to nearby elms as beetles breed and spread the disease fungus later.

Dumps, woodpiles, and other areas where cut elm wood is allowed to accumulate have been centers for outbreaks of dutch elm disease in the past. The shade tree expert urges that attention be given to the proper disposal of storm broken elms in order to save thousands of dollars and valuable shade trees. He cautions that elm wood should not be stored outdoors unless bark is removed and burned promptly.

## Punchard Players On All Suburban

Five of Punchard High's football players were placed on the All-Little Three football eleven by the choice of coaches of the three teams and football writers who covered their games.

Three of the five, Charlie Dwyer and Cliff Lawrence, co-captains, and Don Valz, center, were unanimous choices. Besides those who "made" the mythical team other Punchard stalwarts—Kelsey, Watson, Dolan, Hathaway—received votes.

Dave Brucato of Punchard and George Schofield of Johnson share one of the end positions as each received three votes.

Methuen placed four and Johnson five players on this 12-man team.

The All-Little Three team for 1950 is as follows:

## Great Books To Be Discussed

Early in January there will be a great books discussion group organized in the Memorial Hall library, open to all members of the community who enjoy the stimulation of good reading, coupled with challenging discussion of that reading.

The plan behind the great books foundation is that as varied as possible a group of people, with or without academic training, shall read excerpts or entire books and find out just what that reading means; in most groups of this sort, it is planned that there shall be as many types of readers gathered together as possible, so that each man's interpretation of his reading shall be challenged by his neighbor, whose work and background and thinking have fitted him to read something entirely different in the assignment.

The way in which selections of material are made is on this basis: to be considered a great book, it must first be an original contribution to knowledge; secondly, it must be of general and basic interest, not complex or specialized in any field of knowledge, and must have, regardless of the date of its birth, a contemporary value. It must show how the problems of man are old ones apt to reappear in every generation, and must con-

tribute the solutions of such problems in other days by other human beings.

For further information about the group, ask at the library, or call 314.

## Remington Estate Valued At \$65,000

The estimated value of the estate left by the late J. Augustus Remington, former resident owner of the Aberdeen apartments in Shawsheen Village, is \$65,000 according to the will filed last week in probate court at Lawrence.

According to the terms of the will made Dec. 24, 1935, the entire estate is left in trust for the bene-

fit of his widow and daughter, with the provision that upon the death of the former the entire estate shall go to his daughter, if living, or to heirs-at-law if she is deceased. His daughter Virginia Remington, was named executrix. Value of the estate is estimated as \$63,200 real, and \$2040 personal.

# Have you read about these people?

## IF YOU HAVEN'T, YOU'D BETTER—YOU'LL LOVE 'EM!

Lots of our passengers and freight shippers have remarked that they could "write a book about the B and M." But nobody did—till R. M. Neal came along.

He came all the way from the University of Missouri to do it—just because he wanted to. He took a ride—all over our system—and here and there he takes us for a little ride too. But mainly "High Green and the Bark Peelers" tells the story of our railroad, in layman's language—and it makes mighty good reading!

When you read this book, you'll hob-nob with our enginemen, our trainmen, our signal tower operators. You'll command snouty black diesel switchers taking freight cars in and out of factories and warehouses. You'll learn railroad hand signals and railroad lore. You'll see a hundred or more of your loaded cars picked up by the B and M's famous diesel powered freight trains, such as "The Bullet" running between Portland and New York.

You'll admire that great fast freight, but then you'll boss a local freight yourself. You'll cut off a tanker at an oil plant, you'll trundle boxes and crates with hand trucks. You'll handle paint and plumbers equipment, and a canoe... and you'll proudly deliver a new fire truck to Milford, N. H. You'll realize incidentally that the communities that cluster beside the tracks depend on the B and M's local freight train.

You'll patrol tracks in a rainy drizzle or blinding snow storm. You'll be the eagle eye of safety. You'll realize that those fast freights pound out 4800 tons of merciless pressure upon a track, so you'll inspect daily, looking for that slight chance of an unfavorable condition and correct it at once. This is painstaking, hard work... but you, and the men you work with, will examine every foot of right-of-way with care, knowing the fine safety record of the B and M is your responsibility.

You'll be the boss of the latest passenger equipment—power and cars of the most modern type. Your "consist" will be a 2000 HP Diesel, B and M silver air conditioned streamliners, and a parlor car. You'll run 115 miles in 120 minutes. You'll carry 1200 gallons of fuel oil. You'll check the gauges, study the dials for oil pressure and engine temperature. As you pull out of the yards you'll see the signals clear and distinct and finally it's "High Green," and "our speedometer shows seventy-five miles an hour."

From the time you meet the "bark peelers" from the hills above Sanbornville to the time you see a B and M gate-man at North Station tip his hat as he answers a lady's question, you'll sense the loyalty, the quiet, inflexible attention to duty, the cheerful confidence that are as much a part of the B and M Railroad as its right-of-way.

Yes, this book really tells the story of the joys and challenges of railroading in Northern New England.

It tells it so well that we'd like a lot of people on our lines to learn more about us.

If three or more people in any community served by the Boston and Maine will take the trouble to request a copy for their local public library, we'll present a copy of "High Green and the Bark Peelers" to that library—with our compliments!

Write to G. H. Hill, Publicity Manager, North Station, Boston.

"My nine-year-old son is as fascinated by railroads as am I, and these are the men I should be most happy to have directing him when he takes his first job after leaving college. That is the test by which increasingly I am coming to measure all men." (Page 112)

## ABOUT B and M—BUT NOT FOR B and M

This book is the author's and not ours. We had nothing to do with the text or the publishing.

Here is what he says in a letter to us:

"I wrote the book honestly—I wrote what I believed, not what you or anyone else might have wished me to write. You had enough confidence in your road to turn me loose and let me see for myself, with no attempt to color or slant what I saw." (signed) R. M. Neal.

## Effective Civil Defense Vital

It has taken the shock of recent events in Korea to awaken the public to the job which federal, state and local officials are undertaking in trying to establish a civil defense program which is concerned with the protection of civilian life and property.

The civilian population is entirely unprepared to cope with an A-bomb attack. In anticipation of such an emergency, plans are being prepared through the civil defense set-up for mutual self-protection on the part of groups and communities.

"Since there can be no absolute military defense," says the blue book of the organization, "an effective civil defense is vital to the future security of the United States because it might provide the means whereby this country, if suddenly attacked heavily and without warning, could get up off the floor and fight back. . . . An attack would be against all the people of the United States and therefore defense against it must require the coordinated effort of the whole nation."

Recruitment of volunteers has been lagging. There are many ways in which both men and women can help, whether through the auxiliary police and fire departments, Red Cross aides, transportation and evacuation activities, air raid warning systems and communications.

Now that a "situation of unparalleled danger," as Secretary of State Dean Acheson terms it, has arisen, civilian apathy should change to vital concern.

Or will it take another Pearl Harbor?

## Keep Your Christmas Merry

The Christmas decorations you are planning for your home may turn your holiday into tragedy unless precautions are taken to guard against fire.

The ever-present Christmas tree, cotton or paper decorations, frayed wires, a lighted cigarette stub dropped among Christmas wrapping—all have been the cause of fires that have taken numerous lives or damaged stores and homes at a loss of millions.

Each year hundreds of children have had to spend Christmas in hospitals suffering from painful and disfiguring burns because care was not taken to guard against a blaze starting in Yule decorations.

Many of these tragedies can be prevented. Under the title "Keep Your Christmas Merry" the National Board of Fire Underwriters has issued a pamphlet with rules which will help prevent fires in this dangerous period of the year.

Its suggestions are easy to follow. Some of them are to choose a small tree, it is less dangerous; wait until a few days before Christmas to set it up; do not use candles; if needles near lights turn brown, change location of the lights; don't dress children in flimsy, flammable costumes.

In selecting and preparing Christmas decorations, just remember that safety as well as beauty should be a first consideration.

## Down the Years with The Townsman

50 Years Ago—December 1950

The Lawrence Gas Co., receives vote of 256 citizens to 2 for the Andover Gas Co., after most delectable hearing in the history of the town, to see which should be given the right to extend gas service to Andover. Selectmen reserve decision although there seemed to be no doubt that they will grant the Lawrence company's petition.

Terrific wind and rain storm Tuesday night created considerable damage. Windows blown in, trees and wires broken, and main doors at South church blown open twice during the night.

Some very amusing shadow pictures presented at the C. E. social held at the Baptist church.

### Tito's Brand Of Communism Seen Lesser Of Two Evils

A life-preserver for sinking Yugoslavia will continue to be a subject of debate, despite the suspicion and hostility toward Tito expressed by influential congressional leaders and many others.

Already stop-gap famine aid was sent by President Truman even before the short session of congress convened. But in addition to this food, western manufactured goods and eventually modern military equipment will be required to support Tito in his struggle for survival.

The time has come for a realistic appraisal of our attitude toward this controversial figure.

A great many Americans are perplexed over the question of assisting an avowed communist, who not so long ago imprisoned a Catholic archbishop and whose flyers shot down American planes. Public opinion recoils at many of the brutal features of the Belgrade dictatorship—and justly so.

But a nation in jeopardy often must choose the lesser of two evils. Many wise statesmen maintain that Yugoslavia must not be examined separately. It should be considered in relation to the whole communist problem with Russia as the motivating force of this anti-capitalist system.

#### Weakening Grip of Soviet

Unpalatable as all forms of modern Marxism are to democratic idealists, none could immediately endanger American survival were it not for the dread power and the determination to destroy the United States held by the leaders of the Soviet Union. These baleful men alone have the military might to menace the free world.

Any policy that weakens their grip is a measure of national security for the United States. Judged in this light, we stave off war—or in the event of war add 32 Yugoslav divisions to our side—if we hold Tito's head above the waves.

Were the American public better briefed on the Russian attitude toward Tito, it could more readily understand why he should not be allowed to go under.

For several years it has been one of my editorial duties to read the world communist press and to keep tabs on Red broadcasts. In both mediums the "Tito clique"—as Titoists in all countries are described—is second only to the United States as the target for Russia's most vehement hatred.

The U. S. A. is the one force now able to block Russian domination of the entire world. Tito—and the anti-Russian nationalism which he inspires—is the most serious internal threat to Soviet domination of communist satellites.

#### Titoism Crops Up Everywhere

Stalin knows that he dare not

attempt to liquidate the United States unless he can be sure of a solid alliance with China, Poland and other countries behind the Iron Curtain. He knows from recent startling experience that local Titoism—which placed national self interest above Russian imperialism—cropped up in nearly every communist party outside the Soviet Union and, despite reeducation programs and bloody purges, still persists.

For example, Fritof Lager, Secretary of the Swedish Communist Party, in a recent report to Moscow, admitted that "Tito clique agents" were poisoning the minds of Swedish, Communist intelligentsia. Heinrich Fritz, member of the Austrian Politburo, also reveals that "vile dens" of Titoists in Vienna "pour out streams" of anti-Soviet literature on dollar subsidies received from Americans.

So long as Tito keeps on his feet, anti-Soviet Communists everywhere will be encouraged to balk Russian selfishness—a selfishness whose most sinister manifestation is military aggression.

It infuriates Russian Communists to have Tito maintain that they, the Russians, are Marxist heretics because they contravene Marx's principles to respect the rights and independence of small nations. Such charges undermine the faith of non-Russian Reds everywhere.

#### U. S. Aid Angers Moscow

Moscow also explodes in anger everytime the United States moves closer to Yugoslavia. The Kremlin calculates that without our aid, Tito might not be able to ward off famine, resulting from this year's crop failure, and the consequent economic depression in which revolt could succeed.

The drought, the worst in Yugoslav history, and the inflation of the dinar have seriously curtailed the peasant contribution to the nation's food supply. According to Belgrade official figures, the corn harvest is 35 per cent below that of 1949 and sugar is even lower. Fodder is so scarce that farmers are slaughtering their cattle and selling the meat in the black market. Even Tito discloses that grain bins will be bare by February.

When it was announced that the United States would ship emergency food, Russian propaganda declared that Tito had deliberately planned to ruin the peasants and that now, by accepting American grain, he was purposely binding Yugoslavia to the "war chariot of the American imperialists, who will profit to the extent of millions of dollars from the starvation of the Yugoslav people. This is the foul crime for which the Yugoslav people will call their hangmen to account."

#### Russian Agents at Work

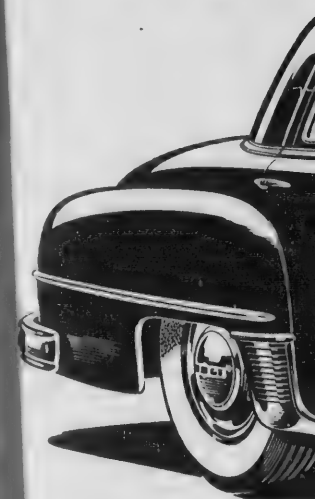

An ominous consequence of the crop failure has been a revival of organized revolution. Numerous conspiracies already have been nipped in the bud by Rankovic's hard-boiled secret police.

Belgrade accuses several captured outlaws of being members of the Soviet army. Although anti-communist nationalists, as well

## Holiday Accident Curb Sought

Americans were asked today to celebrate the year-end holidays by keeping themselves and the Christmas spirit alive this year.

That plea launched the National Safety Council's Christmas safety campaign, in which 161 national organizations are cooperating.

The campaign is aimed at reducing the increasing number of accidents throughout the nation. Special emphasis will be placed on traffic accidents, which have taken an upward swing this year.

Traffic deaths for the first nine months of 1950 were up 11 per cent, and the council predicts that the traffic death toll for the year is virtually certain to reach 35,000. This would be the highest since 1941 and the only year since 1946 to show an increase.

"The Christmas-New Year's holiday season is the peak accident period of the year," said Ned H. Dearborn, president of the Council, "and traffic accidents present the most acute problem. Heavier travel and the festive spirit of the season always add to the normal winter hazards of bad weather, slippery roads and added hours of darkness."

"Don't let death take your holiday—or anyone else's."

### DO YOU KNOW MASSACHUSETTS?

DO YOU KNOW THAT...During the year 1942 the sales prices of real estate sold in the outlying districts of Boston averaged 79% of the assessed valuation; in 1946 the ratio had risen to 115% and for the first nine months of 1950 to 147%, as reported by the Boston Real Estate board....Of the seven Massachusetts retail centers reported by the U. S. department of commerce for September, sales in Waltham led with a gain of 26% over those a year ago. Brookline gained 24% and Quincy 23%.....Massachusetts poultry raisers, by developing mass-production methods, are now able to produce 24 broilers per man-hour of labor, or one for every 2 1/2 minutes of work starting from the time a box of chicks arrives and ending when the plant is ready to receive new chicks....Of the \$3,792,930,000 payroll paid to the average of 1,384,552 employees in Massachusetts covered by employment insurance during 1949, those in manufacturing took 51.5%, retail and wholesale trade 23.8%, the service industries 6.6%, transportation 6.4%, finance, insurance and real estate 5.5%, construction 5.4%, agriculture .5%, mining and quarrying .2% and all others .1%, as reported to division of employment security. U. S. department of commerce estimates that the total payroll of wages and salaries in Massachusetts during 1949 was \$4,889,000,000....The town of Harwich is preparing a protective zoning by-law.

(Continued from Page 12)  
as pro-Soviet reds, deny this particular charge, there is no doubt that Russian agents along the border and inside the country are instigating revolt.

"Our goal," frankly admits Pero Popivoda, writing in the official cominform paper, "is to overthrow the counter-revolutionary, fascist Titoclique."

In an effort to justify rebellion by proving the Tito brand of communism is spurious, Popivoda alleges that Tito, during the war, schemed with British and American agents to get rid of orthodox communism. "Due to the foul and criminal actions of Tito and his

Anglo-American instructors," he adds, "more than 10,000 of the prewar party membership of 12,000 were killed."

"Because of this fascist terror, the leadership of the Communist Party fell into the hands of spies, assassins and imperialist hirelings. The people realize that Yugoslavia can be wrested from the clutches of imperialists only by overthrowing the fascist regime."

So it's either support Marxist Tito or see him replaced by another communist sworn to enmity against the United States.

A hobby has been defined as an endless amount of hard work that anyone would be ashamed to do for a living.

### FAIR A SUCCESS

The fair and entertainment held last Friday in the community room for the benefit of the Methodist church was a pronounced success. This annual event, resumed after several years had many commodities sold on the various tables during the afternoon and evening.

The evening program included songs by James Graham of Tewksbury, accompanied by Mrs. Graham;

dance by Johnny Campbell and Virginia Snyder of Andover; songs by Dennis and Robert Mills; a song and dance by Norma Kibbee; monologue by Miss Harriet Schofield; dances by Sharon Pyrcce, and a play by the members of the Women's Service society. In the cast were Mrs. John Duke, Mrs. Henry Meyers, Mrs. Allen Kerns, Mrs. Clifford Russell, Mrs. George Davison, Mrs. Stanley Pyrcce and Mrs. Andrew Townsend. Mrs. Jagger was pianist for the evening.

### Meeting Tonight

Everyone is urged to attend the meeting of the Ballardvale PTA at 8 o'clock this evening in the Bradlee school. After a short business meeting a panel discussion will be held on the subject "Are Our Educational Methods Adequate?"

Members of the panel will be Mrs. Dorothy Partridge, Kenneth L. Sherman, Miss Elizabeth Hopkins and Bernard M. Kellmurray together with George A. Grant, Mrs. Henry Meyers and Mrs. Charles Langdell. The Rev. Paul A. Callahan will be moderator.

A social hour will follow the program and refreshments will be served. Teachers will be present to confer with parents.

### A Reminder

At the PTA meeting tonight in the Bradlee school gifts will be presented by the members to be given to the Friendly Service Assn., of Lawrence.

These gifts of inexpensive books, games or toys should be wrapped and tagged for either boy or girl and should have also the appropriate age of the child for which the gift would be suitable.

This is an annual custom of the Ballardvale PTA and is always well received by the association.

### Celebrated Birthday

Linda Jean Samford celebrated her eighth birthday with a party Saturday afternoon at her home on Center street. Movies provided entertainment for the large group of children who attended. Linda Jean received many gifts from her friends. A birthday cake was included among the refreshments served by Mrs. Eric Samford assisted by Mrs. Harry Culledge.

## SOUTH CHURCH NOTES

The Women's Fellowship will hold the second general meeting of the year at 7:45 p. m., Thursday, Dec. 14. This will be a Christmas meeting with a worship service conducted by Mrs. F. Tyler Carlton and the speaker Miss Edith Fisher of Boston who has collected in her travels over the world a most unusual collection of creches. Her subject will be "The Christmas Creche Throughout the World." Refreshments will be in charge of Circle Three with Mrs. Albert R. Carpentier as chairman.

Last Sunday evening a group met at the parsonage to discuss plans for the organization of a Bible class. The New Testament will be studied in its relation to present day life.

The Christmas party of the primary and kindergarten departments of the South church will be held in the church vestry at 3 o'clock, Saturday, Dec. 16. This party is sponsored by the Women's Fellowship—Mrs. Harold Bendroth, chairman.

On Friday, Dec. 22, at 7:30 o'clock the choir of the South church supplemented with adult voices will sing carols in front of the church for an hour. On Christmas eve at 5 o'clock the two choirs, with members of the church school, Young People's society and adults from the church organizations will sing at the church and then proceed to the Christmas tree in the square for carol singing.

## Boosters To Fete Football Squad

(Continued from Page One)

Punchard won the Little Three title this year with successive victories over Methuen and Johnson and it is in recognition of this achievement that the Boosters are giving the banquet to the squad, its managers and coaches. Suitable awards will be made to the squad during the evening.

The Boosters are conducting a membership campaign and have set a goal of 1500 to effectively carry out future plans. All meetings of the committee are open to the public. All persons are welcome to attend their sessions, usually held Wednesday nights, and ideas to further their ends will be happily received.

REV. A. GRAHAM BALDWIN, Minister

Sunday: 11 a. m. Service of worship. The speaker will be the Rev. A. Graham Baldwin, school minister of Phillips academy.

## Chest Drive Reaches 96% Of Quota

Contributions from Andover to the 1951 community chest campaign amounted to \$17,367 or 96% of its quota of \$18,088, Miss Miriam Putnam, campaign leader for the town reports.

Straggling contributions in the past few weeks enabled Miss Putnam in her final report to better the showing of \$16,886 announced on the closing day of the campaign earlier in November.

The funds will be distributed among the 14 Red Feather agencies that participate in the chest campaign.

In connection with the drive here the following letter has been received:

Editor of The Townsman:

As chairman of the Andover division of the 1951 community chest drive I wish to extend my sincere appreciation to The Townsman for the excellent coverage that it gave to all aspects of the drive. I am sure that it contributed in a very positive fashion to such success the Andover drive had.

As of Nov. 30, 1950, the Andover community had raised \$17,367, or about 96% of its goal of \$18,088.

I should like to take this opportunity, too, to thank everyone who gave time, interest and effort in an attempt to put the drive over the top. We did not quite reach our goal but I feel that every person who worked during the campaign can take satisfaction in the results that were accomplished.

Miriam Putnam.

Four delegates from the Pynchard student council attended the annual meeting of the eastern division of Massachusetts student councils, held last Saturday, Dec. 2, at the Dedham High school in Dedham. Janet Fieldhouse, Phyllis Johnson, Dick Bramley, and Rae Hathaway, were the Pynchard representatives at this convention. During the day they attended a general assembly, business and discussion meetings, as well as an entertainment and talent show, and on by the dramatic club of Dedham high. A delicious turkey luncheon was served the delegates and dancing was also held.

**School Night**  
Let's have a good turnout at School Night, a delightful entertainment which is being put on by the Pynchard class of 1951, Friday, Dec. 8, in the Memorial auditorium at 8 p. m. Tickets may be purchased from any member of the senior class. They will be on sale at the door.

**Assembly**  
The assembly program Monday consisted of two excellent movies and sports. The first, "Basketball Skills of 1949," showed the top teams in America in action at the national tournaments. Our basketball players gained several valuable pointers for improving their play from this very instructive film.

"Ski Holiday," in beautiful color, pictured skiing in the scenic Canadian Rockies and also gave hints to the skier on what type of

A delicious turkey luncheon was served the delegates and dancing was also held.

### Stunt Night

Let's have a good turnout at "Stunt Night," a delightful entertainment which is being put on by the Punchard class of 1951, this Friday, Dec. 8, in the Memorial auditorium at 8 p. m. Tickets may be purchased from any member of the senior class. They will also be on sale at the door.

### Assembly

The assembly program Monday consisted of two excellent movies on sports. The first, "Basketball Follies of 1949," showed the top teams in America in action at the national tournaments. Our basketball players gained several valuable pointers for improving their play from this very instructive film.

"Ski Holiday," in beautiful color, pictured skiing in the scenic Canadian Rockies and also gave hints to the skier on what type of

clothing and equipment he should have before setting off on a journey down the slopes.

### King Committee

The junior class ring committee has been selected and the members have invited salesmen of the local jewelers to submit samples to the committee. Those on the committee are as follows: Eileen Skeirik, chairman; Barbara Folley, secretary; Eleanor Goff, Elizabeth Hagopian, Miriam Demers, Ruth Belka, Jimmy Murray, Sarkis Sarkisian, Alan Wilson, Bill Ronan, Ronald Shaw, Dan Worcester, Betty Born, and Rae Hathaway, ex officio.

### Notes

The senior class photographer was at Punchard Wednesday, Dec. 6, to take pictures for the class yearbook.

Mervin E. Stevens of the Punchard faculty was elected president of the Massachusetts High School Drama council at a meeting of the executive board in Winchester last Tuesday evening. At the drama festival held in Hingham last spring, the Punchard one-act play, coached by Mr. Stevens, was one of two entries to receive the "Superior" rating. Incidentally, Punchard was competing for the first time with 17

## Two Injured In Collision

Two persons were hospitalized Monday as the result of an auto accident at Haverhill and York streets.

George A. Greenwood of Bancroft rd., operator of one of the vehicles, and Sylvan Bernard of Boston rd., a passenger, were treated at the Lawrence General hospital shortly after the collision at 4.30 p. m., and later discharged.

other schools in this annual event.

Harold Howe II, headmaster, attended a meeting of the North Shore Principals association, held at Beverly High school Wednesday night.

Leslie L. Ingalls of Boxford, was the operator of the second vehicle.

According to the police report Ingalls was going easterly on Haverhill street and Greenwood

was operating southerly on York street when the machines collided. The two injured men were removed to the hospital in the fire department ambulance.

## Lt. Hayward Safe In Seoul

An Andover boy, Lt. Charles W. Hayward was in the thick of recent activities in northwest Korea but has arrived safely in Seoul, according to a cablegram just received by his mother, Mrs. Harry W. Hayward, 103 Salem st.

A graduate of the U. S. military academy at West Point last June, Lt. Hayward was first assigned to a post in the South and last October was sent to Korea.

In the recent fighting there he had charge of a platoon of four tanks. They withdrew with other United Nations forces and managed to get back safely to Seoul.

Lt. Hayward is a graduate of Puncard High school, and attended Dartmouth and Amherst. At West Point he was active in inter-
